

TECHNICAL DATA SHEET

Avery Dennison F5242D Wave C is a pre-laminated diaper tape system, incorporating a hook element.

- Premium adhesion and shear performance to a wide variety of stretchable nonwoven diaper ears
- Aggressive & soft hook element used for better peel performance onto multiple loop landing zones
- White nonwoven-like fastening tape increasing the softness of the nonwoven system
- Less material is used with the elimination of release tape. It is critical to ensure a good bond with the ear, hence adequate pressure welding is required.
- Waved fingerlift generating additional aesthetics to the closure system
- Maximized product roll-length in a spoolwound roll.

CONSTRUCTION

1. White soft non woven tape (incl. Wave C), 51 mm
2. Soft fingerlift edge (incl. Wave C), 6.5 mm
3. Superhook elements, 10 mm

STANDARD FORMAT

- Core width: 385 mm
- Spool width: 345 mm
- Roll length: 3000 linear meter
- Outside diameter of the roll (max): 490 mm
- Inside diameter of the core: 153 mm

PACKAGING

- Standard export packaging
- Pallet size is 1000 x 1200 x 1160 mm (height)
- Number of rolls per pallet: 8 spools
- Re-usable packaging, information available upon request

Physical Properties	Typical Values	Test Methods
PRECOMBINED TAPE		
Roll unwind release	Low	
FASTENING TAPE		
90° peel Hooks/Avery Loops (peak)	250 N/m	T04/612
FASTENING TAPE – PERMANENT PART		
90° peel on PE film	150 N/m	T04/100

Note: The listed values are typical only and not intended to serve as product specifications. Test procedures conform PSTC – ASTM – ISO.

STORAGE AND SHELF LIFE

The shelf life of the product is one year when stored in original packaging at 15°C-30°C, 30-70% relative humidity and out of direct sunlight.

IMPORTANT

Information on the above characteristics is based upon tests we believe to be reliable. The values given are typical values that vary according to application conditions. The values are intended only as a source of information and are given without guarantee and do not constitute a warranty. Purchasers should independently determine prior to use the suitability of this material for their specific purposes. All Avery Dennison materials described herein are sold subject to Avery Dennison Conditions of Sales, a copy of which is available upon request.

F5242D Wave C is a part of our flagship products and solutions portfolio Sustainable Advantage, which helps to set the benchmark for innovation, sustainability and regeneration across the entire supply chain.
