

TECHNICAL DATA SHEET

Avery Dennison S4811 is a single coated tape with an adhesive-free fingerlift portion, designed as a closure tape, specifically for nonwoven pouches and supplied in selfwound rolls.

- Nonwoven carrier increases the softness and enhances the premium look and feel, as the same material is used as the pouch
- Controlled adhesive properties, excellent removable tape performance to a wide variety of substrates
- Low tape release giving a good balance between the requirement for conversion and tab opening for the end-user
- Adhesive-free fingerlift design providing cost effective way for easy opening and closing

CONSTRUCTION

1. White nonwoven carrier, 31 mm
2. Synthetic rubber resin adhesive, 26.5 mm

STANDARD FORMAT

- Roll width: 31 mm
- Fingerlift: 4.5 mm one side
- Roll length: TBC
- Inside diameter of the core: 76 mm
- Outside diameter of the roll: TBC

PACKAGING

- Standard export packaging
- Pallet size: TBC
- Number of rolls per pallet: TBC
- Re-usable packaging, information available upon request

Physical Properties	Typical Values	Test Methods
CARRIER		
Basis weight	gsm	T06/100
ADHESIVE PROPERTIES		
90° peel adhesion on SS	N/m	T04/139
Roll unwind		

Note: The listed values are typical only and not intended to serve as product specifications.
Test procedures conform PSTC – ASTM – ISO.

STORAGE AND SHELF LIFE

The shelf life of the product is one year when stored in original packaging at 15°C-30°C, 30-70% relative humidity and out of direct sunlight.

IMPORTANT

Information on the above characteristics is based upon tests we believe to be reliable. The values given are typical values that vary according to application conditions. The values are intended only as a source of information and are given without guarantee and do not constitute a warranty. Purchasers should independently determine prior to use the suitability of this material for their specific purposes. All Avery Dennison materials described herein are sold subject to Avery Dennison Conditions of Sales, a copy of which is available upon request.
